

## **Foxholes Term 4**

I hope everyone had a good break. The main event of this term is our production 'The Litter Muncher'. Year 1 will be singing and performing dances. You will have a letter about costumes very soon. Our topic book is 'Katie Morag Delivers the Mail'. We will be considering problems and resolutions and writing our own stories. In geography we will compare the place that Katie lives with West Haddon. If anyone has any old photos of West Haddon I would love to borrow them. We also have 'World Book Day' and will spend the day exploring the book 'The Day the Crayons Quit'. Year 1 will focus on the green crayon so you will have a letter asking the children to come dressed in green on that day. This term we will be developing our sentence construction and punctuation skills together with ongoing spelling rules and phonics learning. Please don't forget the spelling bee at the end of this term (words on the blue sheet) In maths our focus will be measures, length and height, multiplication, division and fractions, together with continuing arithmetic, problem solving and mental maths. Science will continue to focus on 'Seasonal Changes' and scientific investigation of light and dark. We will be completing our 'Books in Christianity' work and focussing on Easter in RE. Computing will focus on making audio books. In DT we will plan, make and evaluate a bag for Katie Morag. PE and music will focus on our play. Mrs Dawson will continue to deliver the 'Real P.E' scheme on Thursdays. Towards the end of term, we will be carrying out assessment tests, nothing to worry about, they give me an accurate gauge of the children's progress. We are raising the focus of developing a love of reading and have some amazing new books. Please remember that the self chosen book is a reading book (you will have received a letter regarding this) also continue to enjoy the class reading book. A new one will be in book bags in the second week. I feel exhausted just writing this! What a busy term! I am sure the children will continue to work very hard and build on the excellent progress they have already made.

Kind regards  
Harriette Pulling
