

Dear Parents/ Guardians,

I hope you enjoyed a relaxing break and are ready for another fabulous term. I look forward to discussing your child's achievements and progress this week.

This term we will continue our wonderful learning on the Stone Age, making links across English, history, geography, art and DT. Last term, the children worked ever so hard on writing their own Stone Age adventure stories and non-chronological reports about different types of Stone Age homes – please join us on Friday 8th March to find out more during our class assembly! On Friday afternoons, we will continue to run our Show and Tell sessions with topic related items. Thank you to those who have already shared.

In maths we will be delving into the world of fractions as well as consolidating our learning of time. We will also continue to focus on rapid recall of multiplication tables. Please continue to practise times tables with your child at home. The children have been making good progress with their weekly Times Table Races! Remember that the times table that your child will need to focus on for their weekly race can be found on your child's homework sheet – thank you for your support with this.

Please continue to indicate any reading that your child completes in their reading record. Thank you for recording your child's weekly reading of George's Marvellous Medicine. This term, our Class Reading Book will be The Diary of a Killer Cat by Anne Fine.

Spellings will continue with a weekly spelling test each Thursday morning. The children continue to be very motivated with their spellings. Thank you for your continued support with learning these at home. The next Spelling Bee will take place on Thursday 28th March.

Our P.E lessons will continue to take place on Tuesdays and Wednesdays. Please ensure that your child has appropriate kit for indoor and outdoor P.E and that each item is clearly named. Thank you for ensuring that your child has a named water bottle in school every day. If possible, please bring in a small backpack rather than a large one if you are able to; this will help save space as our cloak area continues to be in within our classroom. Thank you for your support with this!

We look forward to seeing you on Friday 8th March for our class assembly and we can't wait to get stuck into another fantastic term.

Helen Leggett

Year 3 Class Teacher
