

# Nursery 3rd June 2019 Newsletter

Our theme this term is '**Holidays**'

We will be exploring seasons, growing, transport, and different holidays throughout this term. This is a great topic for the children to learn about the world around us and find out about different cultures.

The role play area has become a travel agent and the children can explore different places for holidays looking through the brochures.

Each week we will be cooking up treats from around the world, This week we are starting with an Israeli Chocolate challah bread recipe!
